

Thank you - 2021

My "Thank you's" are rather different this year, due to circumstances beyond my control.

Firstly, I must "Thank you" for all looking after yourselves. Without you there would be no one to thank and nothing to thank you for!

Secondly, I am hoping that I can call upon and thank those of you who gave up your time and energy to keep St. Leonard running as efficiently as it has always done.

Feel free to offer suggestions that you think might be of use and help our return to 'normality' - I fear that my memory has taken the opportunity to slow down, so I am trying to stir it back into life.

Although we have been unable to keep the church open for our regular services [I could like to thank Richard and Kim for putting-on Zoom services for those who wish to join-in on their computers or telephones. I am sure we shall all enjoy it when May arrives and we are able to gather together in church and hear our lovely organ again, even if we are unable to sing. Fortunately we are able to visit the churchyard and to tend to the graves so carefully looked-after, ablaze with colour and helping to cheer our spirits.

"Thank you" to all in the congregation for being our congregation.

The church is here to serve you and I look forward to seeing, greeting and serving you all, again.

Blessings to you all,

Rosemarie.
