

St. Leonard's Parish Church Web site

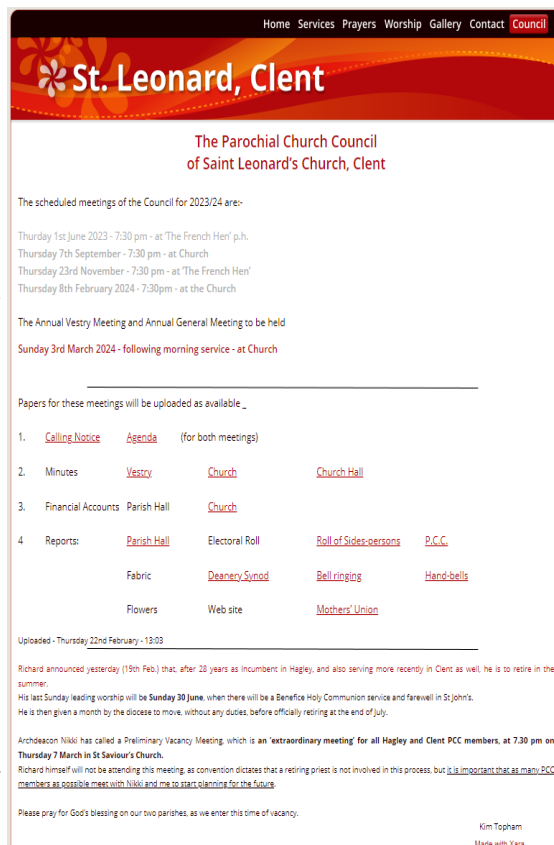

The website continues to maintain our presence on the Internet offering visitors, both local and international, a safe environment in which to see our church and our worship and share Christianity across open frontiers. The majority of visitors come from overseas, many from countries where Christianity is not the majority faith, even from places where worship is the subject of persecution.

We spread the "Good News".

We do so by showing when we do and sing, what we pray and across the Diocese, visitors can join and participate or screening of people of Worcestershire.

Also included is information about the 'Clent Connect' initiative at the contact information for the personnel.
